PART VI DROBERTY OWNERSHIP INFO	DMATION							
PART VI – PROPERTY OWNERSHIP INFORMATION (mandatory for cleanup and RLF grant recipients only; optional for assessment grant recipients)								
15. During the life of the grant, did ownership		16. Did Superfund federal landowner liability						
		protections factor into the ownership						
☐ Yes		☐ Yes	•					
X No		No -Not Applic	able-					
Email		Unknown						
PART VII – ANECDOTAL PROPERTY INFORMATION (optional for all grant recipients)								
17. Property Highlights								
The vision created for the Old Bremerton Gas Plant Park & Property Development will improve a low-								
income neighborhood, provide public access to the Port Washington Narrows, and develop viable light								
industry or marina services, while providing availability and proximity of jobs to the city's most economically disadvantaged. Development of this industrial and marine services center, with vastly under								
utilized properties, will support the local economy by increasing sales and property taxes while the parks								
development and shore access will "bring up the neighborhood" with a park-like setting capitalizing on								
natural vegetative barriers and shore zone plants.								
18. Property Photograph Information
